

Integrate NetDocuments with SharePoint for a more productive workday!

netDocShare is a collection of SharePoint WebParts that can be used to view part of netDocuments repository, including Documents, Saved Searches, Cabinets, WorkSpaces, Filters, ShareSpaces, CollabSpaces, Folders and Sub-Folders. These WebParts can be readily used on Office 365 SharePoint Online or SharePoint 2013, 2016 or 2019 on-premises.

Every WebPart is designed and developed to be easily inserted, configured and connected to NetDocuments on any SharePoint page by non-technical Team members!
